## THE LION MENTALITY

Osho said:

"The greatest fear in the world is the opinion of others, and the moment you are unafraid of the crowd, you are no longer a sheep, you become a LION. A great roar arises in your heart... the roar of freedom."

Sheep have no freedom. The sheep live with FEAR and UNCERTAINTY... EVERY DAY.

"A sheep never leads. A lion never follows."

The lion goes about his business FEARLESSLY and with extreme competence.

### WHAT IS A LION MENTALITY?

There is a simple formula to emulate the mindset of the lion and become the best version of ourselves.

| Have mental clarity and form a clear and concise vision of what you want and who you want to be.  
The lion is certain. The lion never second guesses.

| You can't rely on other people to achieve the results YOU want in life. YOU are the only one responsible for YOUR RESULTS! Take responsibility. Take ownership. Take action.

| Only YOU know what is best for YOU in YOUR LIFE. Only YOU know which path to take in each moment of your life. You must make those decisions with CERTAINTY.

| Ignore Everything Else. You no longer waste the time or mental reserve for anything that isn't contributing to your vision. No distractions.

| Practice and preach these pillars and see your life change before your eyes. Be the king of the jungle. Once you are fearless, life becomes limitless.

### FEARLESS COURAGE

Bravery is a key trait of the lion. The lion will NEVER SURRENDER.

DO NOT GIVE UP...DO NOT GIVE IN...BE FEARLESS in going after what you really want in YOUR LIFE!

You have no guarantees of success if you keep going, but you do have POSSIBILITY! There is a CHANCE!

The only guarantee comes with quitting...and that is the guarantee of missing out on the life you really want!

### FREEDOM

The lion has freedom because the lion DEMANDS FREEDOM. The lion has freedom because he FIGHTS FOR FREEDOM.

FREEDOM means fairness for all. The freedom to be who you must be while allowing all others to be who they are going to be. There is nothing of a greater value. FIGHT FOR YOUR FREEDOM.

### COMPETENCE

They EARN their rest. They EARN their success. They EARN their freedom.

There are great rewards for competence. Develop yourself into a competent machine! Work on what matters in your life with LASER FOCUS... RUTHLESS DETERMINATION and a BURNING DESIRE to do everything to the very best of your ability. That builds PRIDE and RESPECT for yourself.

### PROTECTIVE.

The lion is protective of EVERYTHING of value. The Family. The pack. Dinner.

If you threaten anything of value to the lion you better be prepared to fight.

What do you need to protect? What are you willing to fight for in your life – not physically – MENTALLY... EMOTIONALLY...

What are you willing to sacrifice your time for?

What or WHO keeps you going? What is your PURPOSE? What or who gives your life MEANING? THAT IS WORTH FIGHTING FOR.

It is with this inspirational essay from the late religious philosopher OSHO – that we formed LION INSURANCE BROKERS PVT LTD.

# GAP ANALYSIS

An insurance GAP ANALYSIS is an effective way for a business to understand its insurance needs. Specifically, an insurance GAP ANALYSIS can identify any areas whether a company may be adequately insured in respect of legal wording of clauses and best pricing of premium.

The expert team at Lion Insurance Brokers, along with our vast network of specialised Consultants, will guide you through a comprehensive process of identifying key risks faced by your organisation, the potential financial impact and align these with your corporate risk appetite and legal drafting of Insurance Contracts. During this process an assessment of insurance needs will be made to determine which risks can be mitigated, which can be transferred and which fall within your risk tolerance. Our team will identify the gaps and then develop insurance strategies to support them.

**WE GUARANTEE TO BRING DOWN YOUR PREMIUMS  
AFTER OUR GAP ANALYSIS OF YOUR CURRENT  
INSURANCE CONTRACTS TO PROVE OUR MOTTO,  
SOARING PROTECTION, ROARING WEALTH®**
